

HONOR
High Objectives of National
Organizational Reform

17th September 2015

Final Conference

The value of strategic training in the public administration

HONOR PROJECT
High Objectives of National Organisational Reform

TEMPUS program

The development of training and retraining system for high level civil servants of the Kyrgyz Republic is contributing to a strongest, modern and efficient civil service. HONOR project has contributed to this wide objective through developing and implementing a new training scheme improving the management of the public sector and the promotion of principles of transparency, ethics and democracy.

This conference is addressed to public servants in *Ministries, Members of Parliament and Government, State Agencies and Head of departments/services of public administrations.*
